

# Radius Front Display Shelves & Decks

## Radius Shelf:

- Used to create focal point mid-run or on end displays
- Multiple position Drop-in Bracket design
- Flat, 17° & 30° downslope
- 15° upslope (13"-19"D bracket)
- Radius Front projects 3" deeper than straight sides
- 1.235"H Tag Molding & unpunched top
- Uniformly distributed load of 400 lb. (flat position)
- **For pricing see section 200, pg 16**

### EXAMPLE PART NO.

DR	4	13	16	N
----	---	----	----	---

DR = DL-Style Radius Shelf

4 = Width: 3' or 4'

13 = Bracket depth: 13", 16", 19", 22", 25"

16 = Projection: 16", 19", 22", 25", 28"

N = No Molding

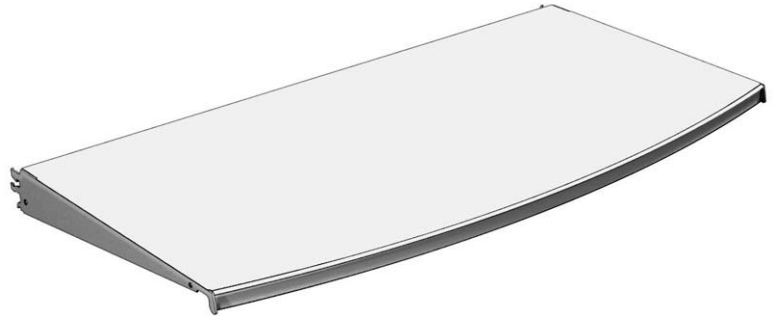

### STANDARD FINISH:

PLT
-----

- Optional Tier I & II colors

(Projection must be 3" deeper than Bracket depth)

## Radius Shelf

## Radius Deck:

- Used to create focal point mid-run or on end displays
- 1.235"H Tag Molding & unpunched top
- Radius Front projects 3" deeper than straight sides
- Uniformly distributed load of 500 lb.
- **For pricing see section 200, pg 16**

### EXAMPLE PART NO.

SR	4	13	16	N
----	---	----	----	---

SR = SD-Style Radius Deck

4 = Width: 3' or 4'

13 = Bracket depth: 13", 16", 19", 22", 25"

16 = Projection: 16", 19", 22", 25", 28"

N = No Molding

### STANDARD FINISH:

PLT
-----

- Optional Tier I & II colors

(Projection must be 3" deeper than Bracket depth)

## Radius Deck
