

# Glass Door Kits & Door Kit End Trim

Regular

## Glass Door Kits:

- Provide security & maximum product visibility
- Kits ship with doors & frames preassembled & include locks (keyed alike)
- Two styles:  
 Regular: 1/4" thick tempered glass w/aluminum door pulls  
 Ht. (18", 24", 30", 36", 40", 45", 47", 51", 53", 57"H)  
 Tall : 1/8" thick tempered glass edged in aluminum on all sides & include interlocking channels to prevent doors being pried open  
 Ht. (63", 65", 75", 77", 87"H)
- End of runs closed off with either Door Kit End Trim (below) or Wood End Panels (pg 510)
- Use Door Kit End Trim if a Shelf is to be mounted adjacent to Door Kit
- Depth of Shelves used behind Door Kits must be a minimum of 3" less than nominal depth of upper Shelf
- See optional Door Kit Gap Filler (pg 223)
- Kits sold in exact heights - see ordering guide on next page
- If used on Base Deck with Multi-Function, use MF Deck Connector for Door Kits (pg 604)
- **For pricing see section 200, pg 25**
